

## Bio Edward Blomstedt

Edward Blomstedt is CEO and one of the founders of family owned Combi Works, a manufacturing service that handles wide customer production scopes of even manufacturing lines or fully assembled tractors. All in a scalable manufacturing network with flexible capacity.

He is also founder of AirFaas, a prize winning digital start-up

Edward has an M.Sc. in Industrial Management and Mechanical Engineering from Helsinki University of Technology (now Aalto University). His passion is enabling a smarter revolution in manufacturing for a greener future. He was voted Young Entrepreneur of the Year in Finland 2010.
